

The HARP CONNECTION

LEVER HARP RENTAL BENEFITS

We will furnish you with a new harp of the model and finish you request after receipt and approval of your rental application. Your initial rental period is four months. At the end of the rental period, you may elect to purchase the harp, extend your rental or return the harp. If you decide to buy the harp, all of your first four months of rental payment and security deposit will be applied towards the purchase price. If you decide to extend your rental, 1/2 of your first rental extension (up to 4 additional months) may also be applied towards purchase.

On occasion we have previously owned or rented lever harps. These instruments are also available for rent, and as always they have undergone a thorough evaluation and must meet or exceed our strict standards of quality before they are released.

If you need the harp to be shipped to you, no problem, we ship anywhere in the United States. If you would like to purchase the harp after rental, you pay no additional shipping. For purchases, financing can be arranged upon credit approval.

About Us

The Harp Connection is a national retailer of harps and harp accessories, serving the country from offices in Salem, Massachusetts.

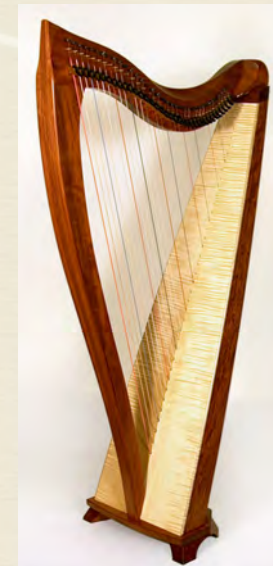

The business was started in 1992 by harpist Karen Rokos and her husband Cameron Jones. We started out with a simple mission of providing a ready supply of lever harps to the professionals and teachers in the Boston area. Our commitment to prompt service and customer satisfaction yielded many repeat customers and our business has grown ever since.

We have a broad selection of instruments for you to choose from, most of which are available for immediate shipment. Our on-line store features strings, music, benches, stands and numerous other harp accessories.

LEVER HARP RENTAL PROGRAM

Dusty Strings FH36S in Bubinga

*Lyon & Healy Troubadour
in Ebony*

For You, Only The Best...

Due to the cost difference between a pedal harp and a lever harp, most beginners start with a lever harp. Many harp teachers recommend that their students get a lever harp that is fully levered (a lever on every or almost every string) and that the harp have 34-36 strings. This kind of harp is best for a beginner as they won't have to spend time re-tuning strings or making changes to their music because they have fewer strings than a particular piece calls for. At The Harp Connection, we have a fantastic Rental Program for both new and used lever harps to make starting even easier.
